Further down, there are sections for 'Orientation date' (Tue 10/11 & Wed 10/12; 8am-3pm), 'Our campus' (Find which campus is close by you), 'Our guest lecture' (Join a keynote with Oliver Sack about music in medical treatment), and 'Start learning' (with categories for Software engineering, Computer art, Design, Data, Business, and Marketing). A 'Thesis exhibit' section follows, featuring a video player and images related to Fisma: Design and Prototype. At the bottom, there's a 'Reimagine urban' section with a placeholder text and a 'Now and then' section showing a New York cityscape.
